

# DraftSight®

Your software. Your vision. Your community.

## Top 7 Reasons Why Your Company Needs the DraftSight Premium Pack – Affordable Support and Services

### Save money on your CAD investments.

With the affordable Premium Pack, you could save between 50% and 80% on your CAD requirements versus maintaining your current CAD product and service, or investing in another option.

### Increase user productivity.

DraftSight's trained worldwide technical support team can help users get up to speed quickly and have their questions answered swiftly.

### Leverage your current processes.

Companies that have automated, customized or integrated their current DWG-based CAD system through LISP or other macros will find significant value in the APIs offered via the DraftSight Premium Pack. DraftSight® offers programming interfaces including C++, COM, LISP and Javascript.

### Keep your CAD current.

You'll get upgrades to the most up-to-date versions of DraftSight, including major releases and service packs. Plus you'll have access to DraftSight API updates.

### Gain more control over your CAD investment.

With everyone working with the same version, you'll eliminate the challenges of managing multiple versions of 2D CAD across your organization and avoid unnecessary costs related to data conversion and incompatibility issues.

### Avoid CAD compliance issues.

CAD managers will now be in control of CAD installations with DraftSight's network license for the Enterprise.

### Work with a proven partner

Dassault Systèmes is the leading CAD and PLM vendor, augmented by a proven channel of worldwide partners.
